RE: 2023 Transportation Alternative Program
Multi-Use Trails (140th Avenue N. and 61st Street N.)

Dear Ms. Neilson:

The Indian Trail Improvement District is submitting an application for funding through the Transportation Alternative Program. The District is requesting the funding to construct multi-use pathways and traffic calming improvements along several roadway corridors. The District has control of the areas on which the project will be constructed and authorizes the project to be completed. The successful completion of this project will further the District's goals of providing safe non-motorized opportunities for all users.

The District is committed to maintaining and operating the project once construction is completed. The District will appropriate the necessary funds as part of its annual operating budget. Should we be able to provide any additional information on our efforts, please contact my office at (561) 793-0874.

Sincerely,

Burgess Hanson
Executive Director
