

## **FY 2019 Annual Listing of Obligated Projects**

Both 23 USC §134 and §339.175, Florida Statutes, mandate that Metropolitan Planning Organizations (MPO) publish the annual listing of projects for which federal funds have been obligated in the preceding year. 23 CFR §450.334 further stipulates that the listing shall identify for each project the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.

The Palm Beach TPA created the attached summary listing of projects where total Federal funding requested in the TIP differed from the Federal funding that was obligated by at least \$500,000.

The TPA also created the attached detailed listing of all projects involving any type of Federal funding to show an itemized list of Federal funding requested compared to Federal funding that was obligated for each fund source in FY 2019.

In general, federal funds are obligated to transportation projects through FHWA and FTA. According to FHWA definition, “An obligation is a legal commitment: the Federal government’s promise to pay a State for the Federal share of a project’s eligible cost.” For a project funded by FHWA funds, this commitment occurs when FHWA approves the project and executes the project agreement. For a project funded by FTA funds, this commitment occurs at the time the FTA grant is awarded. Alternatively, funding can also be “deobligated”. A deobligation means money previously obligated is removed from the project to reflect changes to the project cost, delay, or cancellation.

Below is a table showing the amount of funds both obligated and deobligated for projects in the TPA’s Transportation Improvement Program (TIP).

<b>Transportation Improvement Program Section</b>	<b>FY19 Obligated Funds</b>	<b>FY19 Deobligated Funds</b>
