

#### VISION ZERO ADVISORY COMMITTEE (VZAC) AGENDA

DATE: Thursday, April 6, 2023

TIME: 9:00 a.m.

PLACE: 301 Datura Street, West Palm Beach, FL 33401

Attendees may not enter the TPA workplace if in the previous 5 days, they have tested positive for COVID-19, exhibited symptoms of COVID-19, or been in close contact with someone with COVID-19 and are unvaccinated.

To promote awareness of multimodal options for in-person attendance, a map of transportation facilities and services around the TPA Office is provided on page 3.

Members of the public can join the meeting in person or virtually.

For assistance joining the virtual meeting, call 561-725-0800 or e-mail info@PalmBeachTPA.org.

#### 1. **REGULAR ITEMS**

- A. Call to Order and Roll Call
- В. Modifications to the Agenda
- C. MOTION TO APPROVE Minutes for March 2, 2023
- D. General Public Comments and Public Comments on Agenda Items

Members of the public are invited to offer general comments and/or comments or questions on specific agenda items as follows:

- A written document, comment and/or question may be submitted at PalmBeachTPA.org/Comment-Form at any time prior to the commencement of the relevant agenda item.
- A verbal comment may be provided by a virtual attendee using the raise hand feature in the Zoom platform.
- A verbal comment may be provided by an in-person attendee submitting a comment card available at the welcome table.

Note that the Chair may limit comments to 3 minutes or less depending on meeting attendance.

- Comments from the Chair and Member Comments E.
- F. VZAC Liaison's Report

#### 2. ACTION ITEMS

A. <u>MOTION TO RECOMMEND ADOPTION</u> of the 2023 Transportation Alternatives (TA) Program Project Application Rankings

The TA program is to fund infrastructure for non-motorized users, such as sidewalks, bicycle facilities, Complete Streets projects, and other safety related projects. TPA staff will provide an overview of the six projects received, the project scores, and proposed rank. Applicants have been invited to participate and answer questions from the VZAC. The 2023 TA program Overview, scoring criteria, and TA project scores are attached. The 2023 application submittals can be viewed and downloaded at <a href="mailto:PalmBeachTPA.org/TA">PalmBeachTPA.org/TA</a>. The VZAC will make a recommendation to the Governing Board on the proposed ranking, with the Board having final determination of ranking in the TPA List of Priority Projects.

TPA Score	Applicant	Project Title	TA Amount Requested
45.40	Village of Wellington	C-8 Canal Multi-Purpose Pathway	<del>\$595,576</del>
43.30	City of Boca Raton	NW 6 <sup>th</sup> Way Shared Use Path Connection	\$1,305,859
39.86	Palm Beach County	Camino Real 7' Buffered Bicycle Lanes	\$725,417
31.52	City of West Palm Beach	Spruce Ave, Phase 2	\$1,093,297
24.44	City of Palm Beach Gardens	Lilac Street Sidewalk Widening to Shared Use Path	\$1,051,268
21.60	Indian Trail Improvement District	Multi-Use Trail	\$966,483

#### INFORMATION ITEMS

There are no information items on this agenda.

#### 4. ADMINISTRATIVE ITEMS

- A. Governing Board Summary Points March 16, 2023
- B. FDOT Scheduling Report March 2023
- C. Next Meeting **May 3, 2023**
- D. Adjournment

#### **NOTICE**

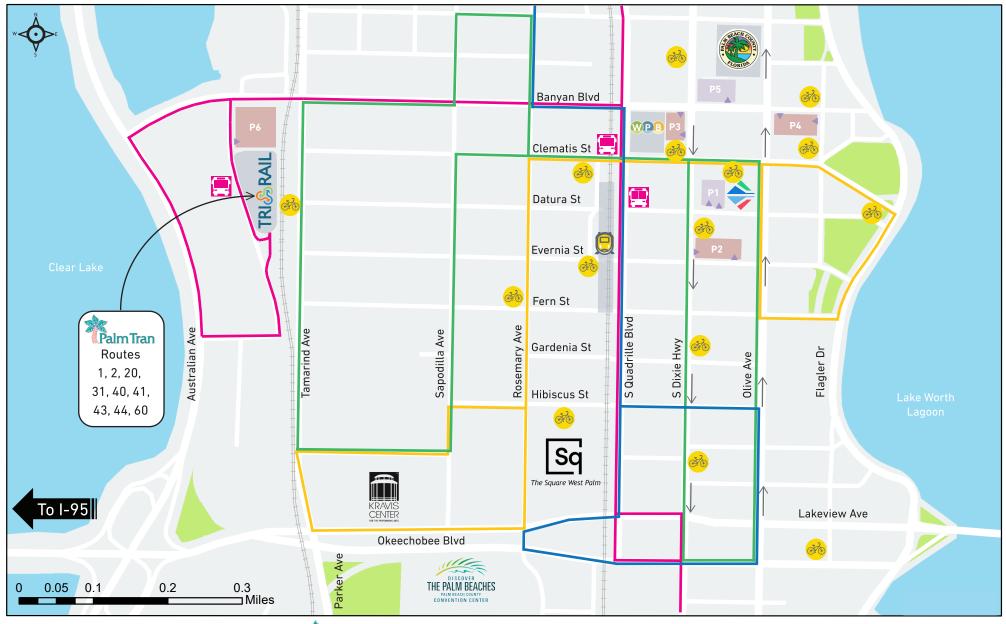

In accordance with Section 286.0105, *F.S.*, if a person decides to appeal any decision made by the board, agency, or commission with respect to any matter considered at such meeting or hearing, they will need a record of the proceedings, and that, for such purposes, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

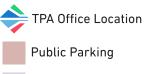

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services for a meeting (free of charge) should contact Melissa Murray at 561-725-0813 or <a href="MMurray@PalmBeachTPA.org">MMurray@PalmBeachTPA.org</a> at least five (5) business days in advance. Hearing impaired individuals are requested to telephone the Florida Relay System at #711.

Se solicita La participación del público, sin importar la raza, color, nacionalidad, edad, sexo, religión, incapacidad o estado familiar. Personas que requieran facilidades especiales bajo el Acta de Americanos con Discapacidad (Americans with Disabilities Act) o personas que requieren servicios de traducción (sin cargo alguno) deben contactar a Melissa Murray al teléfono 561-725-0813 o MMurray@PalmBeachTPA.org por lo menos cinco días antes de la reunión. Si tiene problemas de audición, llamar al teléfono 711.

#### <u>CHAIR</u> Stephanie Thoburn

Town of Jupiter

Alternate: Garret Watson

#### **Vacant**

City of West Palm Beach *Alternate: Cristine Perdomo* 

#### **Bruce Rosenzweig**

Boca Raton Bicycle Club *Alternate: Nelle Chapman* 

#### **Craig Pinder**

City of Boynton Beach

Alternate: Moisey Abdurakhmanov

#### **Ted Goodenough**

**Disabled Community** 

#### Joan Oliva

City of Lake Worth Beach CRA Alternate: Chris Dabros

#### Joann Skaria

City of Palm Beach Gardens *Alternate: Samantha Monroe* 

#### Fadi Nassar

Palm Beach County - Engineering Alternate: Neil Wantz

#### **Vacant**

City of Delray Beach Alternate: Amy Alvarez

## VICE CHAIR Tracy Phelps

City of Boca Raton

#### **Jacey Biery**

Palm Beach County – ERM Alternate: Lee Lietzke

#### **David Wiloch**

Palm Beach County - Planning Alternate: Michael Howe

#### **Jean Matthews**

Palm Beach County – Parks & Recreation Alternate: Casey Pranckun

#### **Bruce Guyton**

Palm Tran

Alternate: Brooke Peters

#### **Michael Owens**

School District of Palm Beach County

Alternate: Joyell Shaw

#### **Christian Santa-Gonzalez**

Village of Wellington *Alternate: Kyle Burg* 

#### Eliza Hansen

Village of Palm Springs Alternate: Vacant

#### **Wibet Hay**

Florida Department of Transportation Non-Voting Advisory Member

Alternate: Vacant

#### **OFFICIAL MEETING MINUTES OF THE VISION ZERO ADVISORY COMMITTEE (VZAC)**

#### Thursday, March 2, 2023

301 Datura Street, West Palm Beach, FL 33401 Meeting was also conducted virtually via Zoom.

These minutes are a summary of the meeting events and may not reflect all discussion that occurred. PDF versions of the agenda, backup material and presentations as well as audio recordings are available for review at PalmBeachTPA.org/VZAC

#### 1. **REGULAR ITEMS**

#### 1.A. Call to Order and Roll Call

The Recording Secretary called the meeting to order at 9:00 a.m. and provided an overview of the meeting procedures.

The Recording Secretary called the roll. A quorum was present as depicted in the table below.

Member	Roll Call	Member	Roll Call	Member	Roll Call
Tracy Phelps	Р	Fadi Nassar	Р	Christian Santa-Gonzalez	Р
Bruce Rosenzweig	Р	Lee Lietzke (Alt)	Р	Eliza Hansen	Р
Craig Pinder	Р	David Wiloch	Р	Wibet Hay	Р
Ted Goodenough	Р	Jean Matthews	Р	Amy Alvarez (Alt)	Α
Chris Dabros (Alt)	Р	Bruce Guyton	Α	Cristine Perdomo (Alt)	Р
Joann Skaria	Р	Michael Owens	Α	Garret Watson (Alt)	Р

P = Present A = Absent

#### 1.B. **APPROVED** Modifications to the Agenda

The Recording Secretary stated the Chair and Vice Chair would be absent for the meeting. Per Section 5.3.D of the TPA Operating Procedures the Representatives present shall elect a Chair Pro-Tem. The floor was opened for nominations.

#### MOTION to elect Tracy Phelps as Chair Pro-Tem made by Ted Goodenough, seconded by David Wiloch, and carried unanimously 14-0 as depicted in the table below.

Member	Vote	Member	Vote	Member	Vote
Tracy Phelps	Υ	Fadi Nassar	Υ	Christian Santa-Gonzalez	Υ
Bruce Rosenzweig	Υ	Lee Lietzke (Alt)	Υ	Eliza Hansen	Υ
Craig Pinder	Y	David Wiloch	Y	Amy Alvarez (Alt)	Α
Ted Goodenough	Y	Jean Matthews	Y	Cristine Perdomo (Alt)	Y
Chris Dabros (Alt)		Bruce Guyton	Α	Garret Watson (Alt)	Y
Joann Skaria	Y	Michael Owens	Α		

Y = Yes, N = No, A = Absent, ABST = Abstain

The Recording Secretary stated Michael Owens requested permission to join virtually due to School District staffing shortages.

There were no objections to his virtual participation, and the member was permitted to join the meeting.

#### 1.C. <u>APPROVED</u> Amended Minutes for February 2, 2023

## MOTION to approve the Minutes made by David Wiloch, seconded by Joann Skaria, and carried unanimously 15-0 as depicted in the table below.

Member	Vote	Member	Vote	Member	Vote
Tracy Phelps	Y	Fadi Nassar	Υ	Christian Santa-Gonzalez	Y
Bruce Rosenzweig		Lee Lietzke (Alt)	Υ	Eliza Hansen	Y
Craig Pinder	Υ	David Wiloch	Υ	Amy Alvarez (Alt)	Α
Ted Goodenough	Υ	Jean Matthews	Υ	Cristine Perdomo (Alt)	Y
Chris Dabros (Alt)	Y	Bruce Guyton	Α	Garret Watson (Alt)	Y
Joann Skaria	Y	Michael Owens	Υ		

Y = Yes, N = No, A = Absent, ABST = Abstain

#### 1.D. General Public Comments and Public Comments on Action Items

There were no general public comments received.

Bruce Guyton joined the meeting in person.

#### 1.E. Comments from the Chair and Member Comments

TED GOODENOUGH reminded presenters to describe graphics for the seeing impaired and those joining via phone.

CHAIR PRO-TEM PHELPS recognized the first Diverging Diamond Interchange (DDI) in Palm Beach County is now open.

Member discussion ensued about DDIs.

#### 1.F. VZAC Liaison's Report

VALENTINA FACUSE reviewed the full report, which can be viewed at PalmBeachTPA.org/VZAC.

There were no public comments received.

TED GOODNEOUGH congratulated the TPA on the improved website accessibility.

JEAN MATTHEWS asked about available funding for each grant program.

CHAIR PRO-TEM PHELPS confirmed if participants in the March Bicycle Ride would need to bring their own bicycle.

#### 2. ACTION ITEMS

#### 2.A. MOTION TO ELECT Vice Chair

CHAIR PRO-TEM PHELPS thanked former Vice Chair Roach for his time in the position and then facilitated the Vice Chair Election.

Joan Skaria was nominated for Vice Chair by Jean Matthews and seconded by Bruce Guyton.

Tracy Phelps was nominated for Vice Chair by Joann Skaria and seconded by Ted Goodenough.

A verbal vote was taken as depicted in the table and Tracy Phelps was elected Vice Chair 10 - 6.

Member	Vote	Member	Vote	Member	Vote
Tracy Phelps T		Fadi Nassar	J	Christian Santa-Gonzalez	J
Bruce Rosenzweig		Lee Lietzke (Alt)	Т	Eliza Hansen	Т
Craig Pinder	J	David Wiloch	Т	Amy Alvarez (Alt)	Α
Ted Goodenough	Т	Jean Matthews	J	Cristine Perdomo (Alt)	Т
Chris Dabros (Alt)	Т	Bruce Guyton	J	Garret Watson (Alt)	Т
Joann Skaria	Т	Michael Owens	Т		

J = Joann Skaria, T = Tracy Phelps, A = Absent, ABST = Abstain

#### **2.B. MOTION TO RECOMMEND APPROVAL** of the TPA's Public Participation Plan (PPP)

MELISSA MURRAY, TPA Public Relations Director, was invited to present this item.

There were no public comments on this item.

Member discussion ensued about public outreach methods, improved website accessibility, and target demographics for public outreach.

# MOTION to Recommend Approval fo the TPA's PPP made by Bruce Guyton and seconded by Christian Santa-Gonzalez, and carried unanimously 16-0 as depicted in the table below.

Member	Vote	Member	Vote	Member	Vote
Tracy Phelps	Y	Fadi Nassar	Υ	Christian Santa-Gonzalez	Y
Bruce Rosenzweig		Lee Lietzke (Alt)	Υ	Eliza Hansen	Υ
Craig Pinder	Y	David Wiloch	Υ	Amy Alvarez (Alt)	Α
Ted Goodenough	Y	Jean Matthews	Υ	Cristine Perdomo (Alt)	Υ
Chris Dabros (Alt)		Bruce Guyton	Υ	Garret Watson (Alt)	Υ
Joann Skaria	Υ	Michael Owens	Υ		

Y = Yes, N = No, A = Absent, ABST = Abstain

#### 3. INFORMATION ITEMS

#### 3.B.A Safe Kids Palm Beach County (PBC) Helmet Fitting Certification Training

The agenda was reordered to allow for the helmet fitting certification training to be completed.

KATHRYN WALL, Safe Kids PBC Coalition Coordinator, was invited to present this item.

There were no public comments on this item.

JEAN MATTHEWS noted a neighborhood practice to have kids wear helmets and bright colored shirts.

TED GOODENOUGH shared in another county the Sherriff's Office hands out ice cream to kids who wear helmets.

#### 3.A.B TPA Vision 2050 Long Range Transportation Plan (LRTP)

NATHAN GEORGE, LRTP Coordinator, was invited to present this item.

There were no public comments on this item.

FADI NASSAR thanked the TPA for their coordination on the LRTP.

#### 4. ADMINISTRATIVE ITEMS

- 4.A. Governing Board Summary Points February 16, 2023
- 4.B. FDOT Scheduling Report February 2023
- 4.C. Next Meeting April 6, 2023

CHAIR PRO-TEM PHELPS asked if a bicycle would be provided for the TPA Bicycle Ride.

There were no public comments on these items.

The meeting was adjourned at 10:56 a.m.

This signature is to attest that the undersigned is the Chair, or a designated nominee, of the Vision Zero Advisory Committee and that information provided herein is the true and correct Minutes for the March 2, 2023 meeting of the Vision Zero Advisory Committee, dated this 6th day of April.

Stephanie Thoburn VZAC Chair

## 2023 Transportation Alternatives (TA) Program Overview 2 4

**Palm Beach Transportation Planning Agency** 

The purpose of the Palm Beach Transportation Planning Agency's (TPA) Transportation Alternatives (TA) Program is to fund safe and connected infrastructure for non-motorized users. Funding is anticipated to be available as noted below.

## Application Deadline: February 17, 2023 at 5:00 PM

#### **ANTICIPATED FUNDING**

Total Available Funding: ~\$5.1M/year \$1,500,000 Grant Reimbursement Maximum: Grant Reimbursement Minimum: \$250,000

#### **PROJECT ELIGIBILITY**

Projects can be on and off the federal-aid roadway network.

- Sidewalks
- Bicycle Infrastructure
- Pedestrian and Bicycle signals
- Traffic calming
- Lighting and other safety-related infrastructure
- Safe Routes to School (SRTS) for non-drivers, including safe routes to transit
- Safe Routes to School (infrastructure and noninfrastructure, including SRTS Coordinator)
- Recreation trails

- Conversion of abandoned railroad corridors to trails for non-motorized users
- Boulevard & main street projects that promote economic revitalization and follow "complete streets" principles
- **Historic Preservation**
- Transit-Oriented development (TOD) infrastructure is also eligible and encouraged, if it includes one of the above project categories.

#### **ELIGIBLE PROJECT APPLICANT**

- **Local Governments**
- **Regional Transportation Authorities**
- **Transit Agencies**
- Natural Resource or Public Land Agencies
- School District, local education agencies, or schools
- **Tribal Governments**

- Any nonprofit entity (FAST ACT restricted to nonprofit entities "responsible for the administration of local safety programs").
- Other local or regional governmental entity with responsibility oversight transportation or recreational trails the State determines eligible and consistent with the goals of 23 U.S.C. 213(c).

#### **PROGRAM REQUIREMENTS**

- An applicant may submit a maximum of two (2) applications, with the exception of Palm Beach County who may submit a maximum of six (6) applications across all departments.
- All applicants will be required to meet with TPA staff to discuss TA applications prior to submittal.
   Applicants can only submit applications discussed at the meeting.
- Only the highest ranked eligible project application from each agency will be included in the TPA's
  draft List of Priority Projects, unless the applicant's project lead provides the TPA with a preferred
  rank of their own projects Palm Beach County may have up to three (3) projects included in the
  first round. Projects will be prioritized until funding is exhausted.
- Applications are limited to a minimum request of \$250K and maximum funding amount of \$1.5M, inclusive of all project phases.
- Applications will be included on the draft List of Priority Projects (LOPP) until anticipated funding is exhausted. However, inclusion on the LOPP does not guarantee funding.
- Applications must be submitted online via the FDOT Grants Application Process (GAP) application
  portal pursuant to the program schedule.
- Applications must include all required documents listed in the Submittal Checklist on page 6. Note: Community letters of support are optional and can be submitted for points during scoring.
- Applications will be scored and ranked via the scoring system derived from the TPA's 2045 Long Range Transportation Plan (LRTP) adopted goals, objectives and targets and described more specifically on page 8 in the TA Scoring Criteria table.
- Any project that is directly adjacent to single-family residential lots that provide primary access to
  the impacted roadway must provide proof of public outreach and support. Applicants must provide
  the total number of impacted properties and have >25% of all directly adjacent single-family
  landowners in support of the project and no more than 10% of adjacent landowners in opposition.
  If this requirement is not met, the project will be ineligible.
- Applicants are responsible for covering all unanticipated cost increases, including but not limited
  to price inflation and increases in the cost of construction. Applicants should anticipate covering
  these increases with Local Funds by the time the project is ready for construction.
- The TPA Board makes the final decision regarding inclusion of an application on the TPA Priority Projects List and may waive any of the above requirements.
- Landscaping may consist of up to 25% of the participating costs.
- For projects included in the Draft Work Program, applicants will be required to include the project with the source of funding in their capital improvement programs or local program of projects no later than April 15, 2024 in order to retain funding.
- The TPA's Vision Zero Advisory Committee (VZAC) may propose to re-rank projects.

#### PROJECT ELIGIBILITY GUIDANCE

Below is a list of eligible projects for the Transportation Alternatives (TA) Program. They are sorted by project categories.

**1.** Construction, planning and design of on and off-road facilities for bicyclists, pedestrians, and other forms of non-motorized transportation (pedestrian and bicycle facilities)

#### Eligible

- Pedestrian infrastructure such as new sidewalks, 
   crosswalks, etc.
- Bicycle infrastructure such as bike lanes, bicycle parking, etc.
- Bicycle racks for buses
- Pedestrian and bicycle signals
- Bike share infrastructure such as bikes, racks, kiosks
- New or reconstructed off-road trails that serve a transportation need, such as trails that provide connections to schools, parks, or other public places
- Amenities along a trail that serve trail users such as benches, trash cans, watering stations, pet amenities, bicycle repair stations, wayfinding signs, security cameras, etc.
- Trailhead projects that serve trail users such as rest areas with benches, restrooms, trail access improvements, parking, kiosks, etc.
- Bicycle and pedestrian bridges and underpasses
- Lighting and other safety related infrastructure

#### **Not Eligible**

- Routine maintenance or replacement of existing sidewalks (unless ADA upgrades are needed)
- Circular trails/sidewalks
- Facilities located within a property that do not connect to other trails/sidewalks
- General resurfacing of roadways
- General recreation and park facilities: playground equipment, sports fields, campgrounds, picnic and pavilion areas

**2.** Construction, planning and design of infrastructure-related projects/systems to provide safe routes for non-drivers including children, older adults, individuals with disabilities (safe routes for non-drivers)

#### Eligible

- Americans with Disabilities Act of 1990 compliance
   projects such as rehabilitation of existing sidewalks, curb ramps, sidewalk widening, etc.
- Traffic calming techniques
- Lighting and other safety related infrastructure
- Traffic realignments, road diets, or intersection changes that improve bicycle and pedestrian access or safety
- Crosswalks
- Pedestrian refuge areas
- Crossing improvements that shorten crossing distance, provide access, and/or primarily improve bicycle and pedestrian safety

#### **Not Eligible**

- Roadway lighting that doesn't benefit non-drivers
- Promotional materials (except for Safe Routes to School; see Category 10)
- Intersection realignments aimed at improving vehicular flow
- Projects that reorganize pick-up and drop-off primarily for the convenience of drivers
- Education programs that are primarily focused on bus safety
- Improvements to school bus stops

### 2023 Transportation Alternatives (TA) Program Overview

**Palm Beach Transportation Planning Agency** 

#### 3. Conversion and use of abandoned railroad corridors for non-motorized use

#### **Eligible**

- Developing rails-to-trails facilities, where there is an adjacent line that is no longer active
- Trailhead projects that serve trail users, such as rest areas with benches, restrooms, trail access improvements, parking, etc.
- Construction or reconstruction of multi-use trails within a railroad right-of-way
- Purchasing and converting unused railroad property for reuse as a trail

#### **Not Eligible**

- Trails for motorized vehicles
- Maintenance of an existing trail

#### **4.** Construction of turnouts, overlooks, and viewing areas

#### **Eligible**

- Turnouts and viewing areas at scenic or historic sites
- Right-of-way acquisition

#### Not Eligible

- Visitor center
- Operation or maintenance
- Marketing/promotional materials

#### **5.** Inventory, control or removal of outdoor advertising

#### **Eligible**

- Data collection
- Removal

#### **Not Eligible**

- Administration or operating expenses
- **6.** Historic preservation and rehabilitation of historic transportation facilities

#### **Eliaible**

- Facilities on historic register or eligible for historic register •
- Rehabilitation of historic surface transportation facilities such as bridges, lighthouses, canals, etc.
- Historic toll and ferry facilities
- Historic railroad facilities

#### Not Eligible

- Operating costs
- Facilities not open to the public
- Construction of replica facilities
- Infrastructure not related to surface transportation (air and space)
- Structures not on or eligible for the national historic register
- 7. Vegetation management practices in transportation rights of way

#### Eligible

- Removal of invasive species and plant native plants
- Planting of native species that can help control erosion and ensure that roadsides are stable, look nice, and provide clear sightlines
- Planting of vegetation to attract honeybees, monarch butterflies, etc.

#### **Not Eligible**

- Standalone landscaping
- Planting of annuals

#### **8.** Archaeological activities related to impacts from transportation projects

#### **Eligible**

- Archaeological excavation and surveys related to a transportation project
- Archaeological activities required as part of a TA Set-Aside eligible project
- Interpretation and display of artifacts discovered as part of a transportation project

#### **Not Eligible**

Archaeological activities not related to a transportation project eligible under federal Title 23

#### 9. Environmental mitigation activities

#### Eligible

- Pollution prevention, abatement and mitigation activities
   to address storm water management, control and water
   pollution prevention or abatement related to highway
   construction or due to highway runoff, including activities
   listed in Sections 133(b), 328(a), and 329.
- Reduction in vehicle caused wildlife mortality such as a wildlife crossing or fencing
- Restoration and maintenance of the connectivity among terrestrial or aquatic habitats such as surmountable curbs for turtles
- Erosion and sediment control
- Native plantings
- Minimizing impervious surfaces

#### **Not Eligible**

- Drainage improvements related to poor maintenance and/or upgrades to inadequate systems
- Storm water management activities not related to highway run-off and water pollution

#### 10. Safe Routes to School (SRTS)

SRTS projects are eligible under TA Set-Aside. For more information on eligible activities visit: <a href="https://www.fhwa.dot.gov/environment/transportation-alternatives/guidance/gu

#### **Eligible**

- Bicycle and pedestrian education targeting student travel (grades K-8)
- Public awareness campaigns and outreach to press and community leaders
- Traffic education and enforcement in the vicinity of schools
- Student sessions on bicycle and pedestrian safety, health, and environment
- Funding for training, volunteers, and managers of safe routes to school program
- Infrastructure projects
- Sidewalk improvements
- Traffic calming and speed reduction improvements
- Pedestrian and bicycle crossing improvements
- On-street bicycle facilities
- Off-street bicycle and pedestrian facilities
- Secure bicycle parking facilities
- Traffic diversion improvements in the vicinity of schools

#### Not Eligible

 Bicycle and pedestrian education campaigns for the general public

SCHEDULE								
Date*	Activity and Deadline							
October 20, 2022	Program Kick-off. TPA Board approves program.							
November 3, 2022	<b>Program Application Workshop.</b> FDOT and TPA hold workshop to review program application, scoring criteria, schedule, and project implementation requirements. TPA distributes program overview and application information to local agencies and opens online application portal.							
November 7, 2022 - January 31, 2023	<b>Pre-Application Meetings.</b> Applicants participate in a required one-on-one meeting with TPA and FDOT representatives to discuss project specifics and clarify application requirements.							
February 17, 2023	<b>Application Deadline.</b> Applicants submit applications, including community letters of support, via online application portal by 5 p.m. TPA provides completed applications to FDOT.							
March 3, 2023	<b>TPA Submits Project List and Tentative Ranking to FDOT.</b> TPA submits tentative project rankings to FDOT for project feasibility and eligibility determination.							
	FDOT/TPA VETTING PROCESS BEGINS							
Late March 2023	<b>First Email to Applicants.</b> After initial application review, FDOT emails applicants requesting additional clarification needed before field reviews. If ineligible, TPA to send formal response.							
Early April 2023	<b>Applicant Responses Due.</b> Applicants provide FDOT and TPA responses to requested clarifications.							
April 6, 2023	<b>Project Presentations.</b> Applications are presented to the VZAC for final ranking.							
Mid April 2023	<b>Field Visits.</b> FDOT and applicants perform field reviews to ensure potential project is constructible, requires no right-of way acquisition, and determine if drainage is warranted.							
Late April 2023	<b>Second Email to Applicants.</b> FDOT sends an email to applicants with comments on issues / concerns, clarifications, updated cost estimates, and/or requests for missing or updated documentation.							
April 28, 2023	<b>Resolution of Support Due to TPA.</b> Applicants must submit a resolution from their governing body and/or the governing body of the facility owner endorsing the project and committing to funding of operations and maintenance.							
May 5, 2023	<b>Response from Applicants Due.</b> Deadline for applicants to resolve outstanding eligibility issues and submit final requested documentation to FDOT and TPA.							
FDOT/TPA VETTING PROCESS ENDS								
May 26, 2023	<b>FDOT D4 returns Eligibility Determinations.</b> FDOT sends TPA final eligibility determinations to finalize draft priority ranking.							
July 5 - 6, 2023	<b>Draft List of Priority Projects to Committees.</b> TPA staff presents draft prioritized list of eligible applications to committees for review and input for TPA Board consideration.							
July 20, 2023	<b>Final Priority List Approval by TPA Board.</b> TPA Board approves final List of Priority Projects.							
July 21, 2023	<b>Submit Project Priorities to FDOT.</b> TPA submits adopted List of Priority Projects to FDOT and notifies applicants of final priority rankings.							

<sup>\*</sup>Dates as of October 2022. Latest dates will be posted to the website.

# **2023 Transportation Alternatives (TA) Program Overview**Palm Beach Transportation Planning Agency

WHAT  WHAT  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Buffered bicycle lanes  10'+ shared use path 5 Buffered bicycle lanes 2 10'+ shared use path 5 Buffered bicycle lanes 2 10'+ shared use path 5 8-9' paved path 4 4-7' sidewalk 3 3 4'+ unpaved path (ADA compliant) 2 Sidewalk or shared use path widenings 1 Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in Tier 1 Ped Gap Project improves bicycle facilities in Tier 1 Ped Gap Project improves bedestrian facilities in Tier 1 Ped Gap Project improves bedestrian facilities in Tier 1 Bicycle Corridor 5 Project benefits traditionally underserved communities NOTE: Determine Traditionally Underserved Very High 10 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub Project is within 1 miles of a school and within it school attendance boundary Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, penvious materials, etc.) Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility Applicant canceled a previously prioritized and funded project within the past 12 months	1 2222
Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  10'+ shared use path Separated or raised bicycle lanes Designated bicycle lanes 10'+ shared use path Separated bicycle lanes 10'+ shared use path lanes 10'+ shared use path lanes 10'+ shared use path 10'+ shared use path lanes 10'+ shared us	MAX
Separated or raised bicycle lanes 4 Buffered bicycle lanes 3 Designated bicycle lanes 5 Buffered bicycle lanes 5 Designated bicycle lanes 5 Buffered bicycle lanes 6 Buffered bicycle lanes 7 Buffered usepath 4 Buffered bicycle lanes 7 Buffered usepath 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered usepath 4 Buffered usepath 8 Buffered usepath 9 Buffered usepath 4 Buffered usep

#### **HOW TO APPLY**

#### 1. Attend the TPA Funding Programs Workshop on November 3, 2022 (optional)

Learn about project eligibility, Local Agency Program Certification, and have your specific questions answered by FDOT and TPA staff.

#### 2. Attend Pre-Application Meeting with TPA and FDOT Staff (required)

All applicants must attend a pre-application meeting with TPA and FDOT between November 7, 2022 and January 31, 2023. TPA will schedule these meetings with FDOT and applicants.

#### 3. Gather Required Documents

Each project submittal requires an application, online form, and supporting documents outlined in the Submittal Checklist provided below. Missing or late documents may result in project ineligibility.

#### 4. Submit Online via FDOT GAP Application Portal

- The application process requires the submittal of the application document with associated attachments via the FDOT GAP Application Portal. <u>Florida Gap - Log In (blackcatgrants.com)</u> Users must create an account.
- Additional resources and examples may be found at the TPA's TA webpage at: PalmBeachTPA.org/TA

#### 5. Stay Tuned

Follow the Program Schedule and look out for emails from TPA and FDOT regarding your project application.

#### **SUBMITTAL CHECKLIST**

Please use the following checklist to ensure you are including all documents required to be submitted with your application by the submission deadline:

Application
Must attend Pre-Application meeting
Location Map (Aerial)
Photographs of project before construction
Typical Section (Existing and Proposed)
Detailed Cost Estimate Spreadsheet (Must be prepared and signed by a Professional Engineer from
the Agency's Engineering Office)
Right-of-Way Ownership Verification (Plats, deeds, prescriptions, certified surveys and/or easements)
Community letters of support (Optional) (due at application submittal: February 17, 2023)
Commitment Letter from administering agency's director of Engineering or Public Works Department clearly indicating they will "administer and construct the project if funded by the Palm Beach Transportation Planning Agency's (TPA) Transportation Alternatives (TA) Program" is required (due at application deadline – February 17, 2023)
Participate in FDOT Field Visit (to be scheduled on a weekday Mid April 2023)
Proof of public outreach and support required if proposed project modifies a roadway that provides
access to single family residential lots.
<ul> <li>Must have &gt; 25% of all landowners in support of the project, whose parcel is directly adjacent to the project. If &gt; 10% of adjacent landowners oppose the project, then the project will not be eligible.</li> </ul>
The following documentation must be submitted with the application in the form of:
<ul> <li>Responses to mail outs sent to landowners/residents; Or,</li> <li>Sign-In signatures and input obtained at a neighborhood/public meeting.</li> </ul>
NOTE: Attendance at a council meeting for the resolution of support is not considered a public outreach meeting.
Resolution of Support from governing body of the facility owner(s) clearly indicating that the project may be constructed as proposed and is commitment to fund ongoing operations and maintenance of the project - due within 60 days of application due date (April 28, 2023). Example Resolution can be found <a href="here">here</a> .

# 2023 Transportation Alternatives (TA) Program Overview 2 4 2 Palm Beach Transportation Planning Agency

WHAT  WHAT  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  Buffered bicycle lanes  10'+ shared use path 5 Buffered bicycle lanes 2 10'+ shared use path 5 Buffered bicycle lanes 2 10'+ shared use path 5 8-9' paved path 4 4-7' sidewalk 3 3 4'+ unpaved path (ADA compliant) 2 Sidewalk or shared use path widenings 1 Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in Tier 1 Ped Gap Project improves bicycle facilities in Tier 1 Ped Gap Project improves bedestrian facilities in Tier 1 Ped Gap Project improves bedestrian facilities in Tier 1 Bicycle Corridor 5 Project benefits traditionally underserved communities NOTE: Determine Traditionally Underserved Very High 10 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub Project is within 1 miles of a school and within it school attendance boundary Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, penvious materials, etc.) Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility Applicant canceled a previously prioritized and funded project within the past 12 months	1 2222
Bicycle Facility Type NOTE: Multiply length by factor shown in Value column  10'+ shared use path Separated or raised bicycle lanes Designated bicycle lanes 10'+ shared use path Separated bicycle lanes 10'+ shared use path lanes 10'+ shared use path lanes 10'+ shared use path 10'+ shared use path lanes 10'+ shared us	MAX
Separated or raised bicycle lanes 4 Buffered bicycle lanes 3 Designated bicycle lanes 5 Buffered bicycle lanes 5 Designated bicycle lanes 5 Buffered bicycle lanes 6 Buffered bicycle lanes 7 Buffered usepath 4 Buffered bicycle lanes 7 Buffered usepath 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered bicycle lanes 8 Buffered usepath 4 Buffered usepath 8 Buffered usepath 9 Buffered usepath 4 Buffered usep	
NOTE: Multiply length by factor shown in Value column    Suffered bicycle lanes   3   2   2   2   2   2   2   2   2   2	
Value column    Buffered Dicycle lanes   2	10
Pedestrian Facility Type  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor shown in Value column  NOTE: Multiply length or number of locations by factor per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or number of location per TPA Vision Zero Action Plan  NOTE: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Action Plan  Note: Multiply length or location per TPA Vision Zero Actio	
Pedestrian Facility Type NOTE: Determine Traditionally Underserved population index within 1 mile of project Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub Project is within 2 miles of a school and within its school attendance boundary Project is myroves facilities at an interchange, bridge, railroad crossing, or signalized intersection  8'-9' paved path (ADA compliant) 4'-1' sidewalk 6'-1' sidewalk 6'-1' sidewalk or shared use path widenings 1 Sidewalk or shared use path widenings 1 1 Sidewalk or shared use path videnings 1 1 Sidewalk or shared use path vision Zero Action Plan 5 Project is within 3 miles of a Transit Hub 5 Project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated or shared use path vision 3 miles of a path shared and provides a connection to a shopping center, multiple trail intersections, regional parks, designated or shared use path vision 2 miles of a path shared and provides a connection to a shopping center, shared as a pind within its school attendance boundary 5 project is improves facilities at an interchange,	
Pedestrian Facility Type NOTE: Multiply length or number of locations by factor shown in Value column  4'-7' sidewalk  4'+ unpaved path (ADA compliant)  5 Sidewalk or shared use path widenings  1 Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan  5 Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  5 Project improves pedestrian facilities in Tier 1 Ped Gap  7 Project improves bicycle facilities in Tier 1 Ped Gap  7 Project benefits traditionally underserved communities  8 NOTE: Determine Traditionally Underserved population index within 1 mile of project  8 Medium  7 Project creates dedicated Pedestrian Facilities within 3 miles of a Transit Hub  5 Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  8 Project is within 2 miles of a school and within its school attendance boundary  7 Project is within 2 miles of a school and within its school attendance boundary  8 Project is within 2 miles of a school and within its school attendance boundary  9 Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  8 Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  9 Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
NOTE: Multiply length or number of locations by factor shown in Value column  4'+ unpaved path (ADA compliant)  Sidewalk or shared use path widenings  1  Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan  5  Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  5  Project improves pedestrian facilities in Tier 1 Ped Gap  Project improves pedestrian facilities in Tier 1 Ped Gap  Project improves bicycle facilities in Tier 1 Ped Gap  Project improves bicycle facilities in Tier 1 Bicycle Corridor  Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Medium  3  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  5  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  5  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project is within 2 miles of a school and within its school attendance boundary  Project is within 2 miles of a school and within its school attendance boundary  Project is within 2 miles of a school and within its school attendance boundary  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  WHY  Project has been tested as a pilot with local funds  5  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	
Sidewalk or shared use path widenings 1 Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan 5 Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan 5 Project improves pedestrian facilities in Tier 1 Ped Gap 5 Project improves pedestrian facilities in Tier 1 Ped Gap 5 Project improves pedestrian facilities in Tier 1 Ped Gap 5 Project improves pedestrian facilities in Tier 1 Bicycle Corridor 5 Project benefits traditionally underserved communities 6 NOTE: Determine Traditionally Underserved population index within 1 mile of project 7 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub 5 Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub 5 Project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated antaural areas or recreational centers 7 Project is within 2 miles of a school and within its school attendance boundary 5 Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection 7 WHY Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.) 5 Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.) 5 Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Standalone ADA facility (e.g. ped crossings, bus stops, etc.)  WHERE  Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan  5 Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  5 Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  5 Project improves pedestrian facilities in Tier 1 Ped Gap  7 Project improves bicycle facilities in Tier 1 Ped Gap  8 Project improves bicycle facilities in Tier 1 Picycle Corridor  9 Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  9 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  5 Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  5 Project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  5 Project is within 2 miles of a school and within its school attendance boundary  5 Project has positive environmental impacts (i.e. mitigation activity, pollution prevention 8 abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  5 Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	10
WHERE Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan 5 Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan 5 Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan 5 Project improves pedestrian facilities in Tier 1 Ped Gap 5 Project improves bicycle facilities in Tier 1 Bicycle Corridor 5 Project benefits traditionally underserved communities 6 NOTE: Determine Traditionally Underserved population index within 1 mile of project 7 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub 5 Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub 5 Project creates dedicated Bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers 7 Project is within 2 miles of a school and within its school attendance boundary 5 Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection 5 WHY Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.) Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.) 5 Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
WHERE Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan 5 Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan 5 Project improves pedestrian facilities in Tier 1 Ped Gap 5 Project improves bicycle facilities in Tier 1 Bicycle Corridor 5 Project benefits traditionally underserved Communities NOTE: Determine Traditionally Underserved population index within 1 mile of project  High 6 NOTE: Determine Traditionally Underserved population index within 1 mile of project  Medium 3 Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub 5 Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub 5 Project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary 5 Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  5 Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Project improves pedestrian facilities in High Crash Ped Corridor per TPA Vision Zero Action Plan Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan Project improves pedestrian facilities in Tier 1 Ped Gap Project improves bicycle facilities in Tier 1 Bicycle Corridor Project benefits traditionally underserved Communities Project benefits traditionally Underserved Communities NOTE: Determine Traditionally Underserved NoTE: Determine Traditionally Underserved Negligation Traditionally Underserved Negligation Traditionally Underserved Negligation Traditionally Underserved Negligation Traditionally Underserved	
Project improves bicycle facilities in High Crash Bicycle Corridor per TPA Vision Zero Action Plan  Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  Project improves pedestrian facilities in Tier 1 Ped Gap  Project improves bicycle facilities in Tier 1 Bicycle Corridor  Project benefits traditionally underserved  Communities  NOTE: Determine Traditionally Underserved  population index within 1 mile of project  Medium  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is mithin 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Project provides lighting in Dark/Unlit crash location per TPA Vision Zero Action Plan  Project improves pedestrian facilities in Tier 1 Ped Gap  Project improves bicycle facilities in Tier 1 Bicycle Corridor  Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project is within 2 miles of a school and within its school attendance boundary  Project thas positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Project improves pedestrian facilities in Tier 1 Ped Gap  Project improves bicycle facilities in Tier 1 Bicycle Corridor  Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	15
Project improves bicycle facilities in Tier 1 Bicycle Corridor  Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Project benefits traditionally underserved communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Medium  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	10
Communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	10
Communities  NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
NOTE: Determine Traditionally Underserved population index within 1 mile of project  Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	-
Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	10
Project creates dedicated Pedestrian Facilities within 1 mile of a Transit Hub  Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
Project creates dedicated Bicycle Facilities within 3 miles of a Transit Hub  Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	_
Pedestrian project is within 1 mile; bicycle or shared use path project is within 3 miles and provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	10
provides a connection to a shopping center, multiple trail intersections, regional parks, designated natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed non-motorized facility	
natural areas or recreational centers  Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	
Project is within 2 miles of a school and within its school attendance boundary  Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	10
Project improves facilities at an interchange, bridge, railroad crossing, or signalized intersection  WHY  Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	7
Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	5
Project has positive environmental impacts (i.e. mitigation activity, pollution prevention & abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility	
abatement, stormwater management, tree canopy coverage, pervious materials, etc.)  Project has been tested as a pilot with local funds  Project is endorsed by members of benefit area (HOA, POA, local bike group, etc.)  Project is identified in an agency's adopted plan and connects to an existing or proposed nonmotorized facility

							Difference	\$4,942,839			

#### Summary Points of the March 16, 2023 Governing Board Meeting

PDF versions of the agenda, backup material and presentations as well as audio and video recordings are available for review at PalmBeachTPA.org/Board

**Special Presentation** – The Chair read the TPA 2023 Florida Bicycle Month Proclamation.

**Approved Minutes** – The Board approved its minutes for February 16, 2023.

Approved Citizen's Advisory Committee (CAC) Appointment - The Board approved appointment of Gwendolyn Lowery as the Port of Palm Beach Representative.

Approved Transportation Disadvantage (TD) Local Coordinating Board (LCB) Appointment – The Board approved appointment of Nancy Yarnall as the Agency for Area Aging Representative.

Adopted TPA Resolution 2023-04 – The Board approved amendments to the TPA Financial Policies to reflect the current Finance Department roles and responsibilities and sharing of audit procedures.

**Adopted TPA Resolution 2023-05** – The Board approved the TPA's Public Participation Plan (PPP) update.

Florida Department of Transportation (FDOT) Strategic Intermodal System (SIS) Draft 2050 Cost **Feasible Plan Update** – FDOT staff provided an update on the SIS Cost Feasible Plan.

**TPA Vision 2050 Long Range Transportation Plan (LRTP)** – TPA staff provided an overview of the 2050 LRTP Update, including milestones over the next two years and ways to be involved.

**TD LCB Update** – TPA Staff provided an overview of the TD Program and the TD LCB administered by the TPA.

## **Project Scheduling Report – April 2023**

# Phases occurring within the next 90 days Palm Beach TPA & FDOT District 4

**4.B** 

The purpose of this report is to ensure stakeholders are aware of upcoming activities for each project to allow for increased input. The TPA has consolidated the FDOT report to focus on TPA priorities and scheduling activities that are occurring within the next 90 days. The full list of scheduling activities is described below.

Scheduled Activity	Description
Multimodal Scoping Checklist (MMSC)	FDOT's Office of Modal Development (OMD) notifies impacted agencies to enter comments about the project scope. The local agency can confirm or discuss context class, minor comments about multimodal features.
Resolution from Agency (for Off-System Projects Only)	If an off-system project is administered by FDOT, the local agency's governing board must pass a resolution endorsing FDOT's delivery of the project.
Review of Scope with Agency	Meet with local agency to review and confirm scope prior to FDOT advertising for consultant acquisition.
Execution Date (Design)	FDOT Design starts.
Project Kickoff Meeting	FDOT Design Team coordinates with local agency. Contact the FDOT project manager for date/time/location of the meeting.
Initial Field Review	Field Review meeting. Typically occurs at the project site.
Initial Engineering	30% plans to reviewers. Stakeholders provide review and feedback on the approved Typical Section.
Public Information Workshop	Tentative date to conduct a public information workshop. Date may differ than final workshop date.
Constructability Plans	60% plans to reviewers. At this time most of the Design is complete, no scope discussion, review focuses on items to be constructed, their construction impacts, and materials to be used.
Plans Specification and Estimates (PSE) Meeting	FDOT PM arranges field review with all reviewers to evaluate the final engineering plans with respect to actual field conditions.
Biddability Plans to Reviewers	90% plans. At this time, Design is complete. Verifying quantities and pay items.
Production	100% plans. Plans are complete.
Local Agency Program (LAP) Commitment	Agency and FDOT commits the project funds and budget to the Legislature and the Governor's office.
Letting	Bids are opened and the apparent low bid contract is determined. Construction typically begins 4 to 6 months after letting.
Construction Notice to Proceed (NTP)	Construction starts. Construction dates for FDOT administered projects can be found through the FDOT Operations Center.

For more information on a project, please contact the FDOT District 4 office at 954.486.1400 and ask to be transferred to the FDOT Project Manager for the specific project. For the FDOT copy of the report with the full project schedule, contact Wibet Hay at <a href="https://www.wibet.hay@dot.state.fl.us">Wibet.hay@dot.state.fl.us</a> or 954.777.4573.

Please note, the dates shown in this report are a snapshot and dates can change frequently. Updated reports are requested monthly from FDOT.
