Section 5310 Program

- Enhance mobility for seniors and persons with disabilities by providing funding for programs to serve the special needs of transit dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services.

Program History

- The Section 5310 program was established in 1975 as a discretionary capital assistance program. In cases where public transit was unavailable, insufficient, or inappropriate, the program awarded grants to private nonprofit organizations to serve the transportation needs of seniors and persons with disabilities.

Program Overview

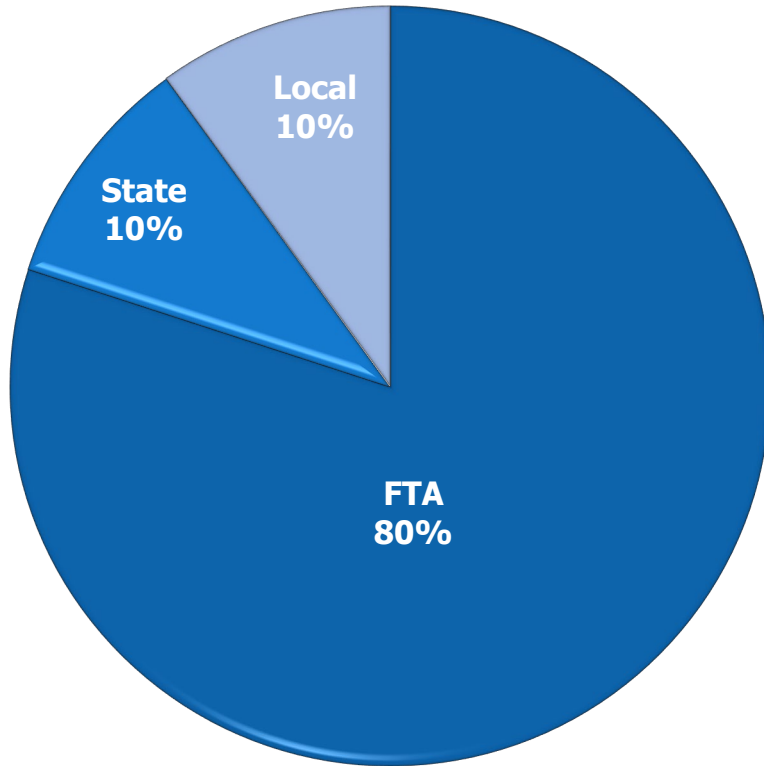

- The program (Title 49 U.S.C Chapter 53) known as the Section 5310 Grant is a formula program based on target population.
- The funds are apportioned to areas based on number of seniors and individuals with disabilities.

Program Overview

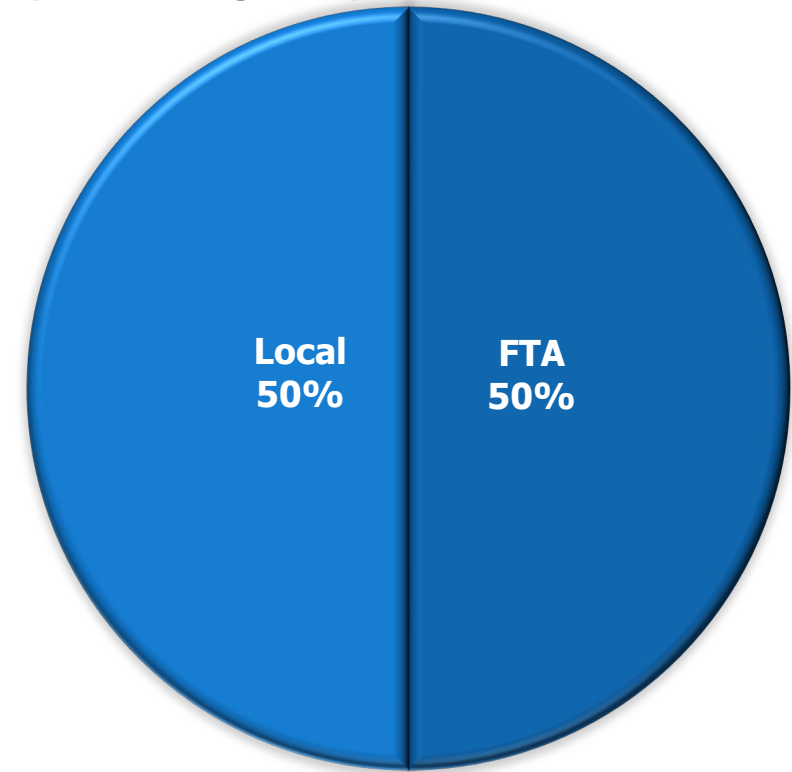

- Allocation of Funds:
 - 60% to designated recipients in large urbanized areas (urbanized areas (UZAs) over 200,000 in population)
 - 20% to States for small urbanized areas (urbanized areas (UZAs) under 200,000 in population)
 - 20% to States for rural areas (areas under 50,000 in population)
