

PERFORMANCE MEASURES & TARGETS WORKSHOP

August 17, 2023 | 9 a.m. – 11:00 a.m.

301 Datura St, West Palm Beach, FL 33401

Remote participants [click here to join the Zoom meeting](#)

Purpose: This workshop provides an overview of Federal Performance Measures and Targets, which are required by the Federal transportation bill. Representatives from FDOT will provide an overview of federal performance measure, the State’s approach to setting targets, and the role of the TPA in meeting requirements. The workshop concludes with a presentation and facilitation of optional local TPA performance measures and targets that may be incorporated into TPA’s next long-range transportation plan, Vision 2050.

Learning objectives:

- Understand the purpose of performance measures and targets on the National Highway System
- Understand the State’s role in establishing targets and monitoring performance
- Understand an MPO’s role in the performance-based planning process
