## Amendment #3 2045 Long Range Transportation Plan (LRTP) Summary of Proposed Changes

The 2045 LRTP was adopted by the TPA Governing Board on December 12, 2019. TPA adopted Amendment #2 on October 19, 2023, for consistency with the 2024 – 2028 Transportation Improvement Program (TIP) and the updated FDOT Strategic Intermodal System (SIS) Cost Feasible Plan.

Amendment #3 is proposed to incorporate locally funded projects into the LRTP that demonstrates TPA project support, and planning consistency required of local agencies when requesting funding through State or Federal discretionary funding programs.

TPA has scheduled adoption of Amendment #3 at the March 21, 2024 TPA Governing Board Meeting.

The [FDOT provides guidance on LRTP Amendment Thresholds](#), and include:

- **Amendment:** projects with significant scope changes, project schedule advancements (indicated by 5-year time bands in the LRTP), or where project costs increase by more than 50% and \$50 million;
- **Administrative Modification** (noted hereafter as “Modification”): projects with less significant alterations in design scope (ie. project limits) or cost changes that do not meet the higher Amendment threshold.

TPA requested details of locally funded projects from our regional partners to incorporate by Amendment into the 2045 LRTP. The following tables highlight regionally significant transportation projects from Palm Beach County’s Road Program, or local Capital Improvement Programs, which are proposed for incorporation into the 2045 LRTP by Amendment #3.

**SUBJECT: Palm Beach Transportation Planning Agency  
TIP Amendment Request FY 2023/24 – 2027/28  
438386-2 SR-5/US-1 FROM 59TH ST. TO SR-850/NORTHLAKE BLVD**

Dear Ms. Neilson:

Pursuant to *Part IV – Chapter 5: Statewide and Local Transportation Improvement Programs (STIP and TIP) of the Work Program Instructions*, the Florida Department of Transportation (FDOT) requests your processing and approval of the attached amendment to the FY 2023/24 – 2027/28 Transportation Improvement Program. This amendment is required because new projects have been added to the work program and needs to be reflected in the TIP.

The project construction cost increased due to the bridge repair work, two Local Funds Agreements and two Utility Work by Highway Contractor agreements that includes the following items;

**Bridge Repair**

- Address superstructure deficiencies:
  - 1) Beam cracks.
  - 2) Beam spalls.
  - 3) Deck spalls.
  - 4) Deck cracking.
- Replace Bridge Joints.
- Class 5 Finish Coating.

**Local Funds Agreement and Utility Work by Highway Contractors**

In addition, an LFA is being drafted and prepared for execution with the City of Riviera Beach and the Town of Lake Park for the installation of patterned pavement crosswalks and decorative lighting and a UWHC has been executed with the City of Riviera Beach and the City of West Palm Beach for required utility adjustments.

This Transportation Improvement Program Amendment should be consistent with the Adopted Long-Range Transportation Plan. The adopted TIP remains financially constrained. A State Transportation Improvement Program (STIP) amendment is not required. The TIP amendment is as follows:
