- B. Modifications to the Agenda
- C. MOTION TO APPROVE Minutes for June 5, 2024
- D. General Public Comments and Public Comments on Agenda Items

Members of the public are invited to offer general comments and/or comments or questions on specific agenda items as follows:

- A written document, comment and/or question may be submitted at PalmBeachTPA.org/Comment-Form at any time prior to the commencement of the relevant agenda item.
- A verbal comment may be provided by a virtual attendee using the raise hand feature in the Zoom platform.
- A verbal comment may be provided by an in-person attendee submitting a comment card available at the welcome table.

Note that the Chair may limit comments to 3 minutes or less depending on meeting attendance.

- E. Comments from the Chair and Member Comments
- F. CAC Liaison's Report

2. ACTION ITEMS

- A. MOTION TO RECOMMEND APPROVAL of the Fiscal Year (FY) 25 Strategic Plan

The TPA's Strategic Plan identifies specific actions the TPA aims to achieve in the upcoming year. TPA staff will highlight FY 24 activities and review proposed changes in the draft FY 25 Strategic Plan attached.

B. MOTION TO RECOMMEND ADOPTION of the FY 26-30 List of Priority Projects (LOPP)

The LOPP guides development of the Florida Department of Transportation (FDOT) Five-Year Work Program and the TPA's Transportation Improvement Program (TIP). Florida Statutes require the TPA to annually adopt and transmit the LOPP to FDOT.

The attached Draft FY 26-30 LOPP is organized into Major Projects, Local Initiatives, Transportation Alternatives, and Shared-Use Network (SUN) Trail projects. The list identifies additional funding needs of previously approved projects by the TPA and requests funding for new projects.

3. INFORMATION ITEMS

3. INFORMATION ITEMS

3.A. US 27 Connector Feasibility Study

Claudia Olarte, with the Florida Department of Transportation (FDOT) and Kurt Lehmann, FDOT project consultant presented this item. The full presentation can be viewed at PalmBeachTPA.org/CAC.

VIJAY MISHRA stated the conflicts with alternative 3.

UYEN DANG asked for clarification on the safety elements and crash percentages referred to in the specific study. She also asked for the percentage of truck divergence in the area and mentioned the opportunity to create a complete street on the current alignment

MYRON UMAN agreed with Vijay Mishra’s concern regarding alternative 3 being the least safe.

JIM KNIGHT also stated he did not support alternate 3 and emphasized the importance of a sustainable, long-term viable option.

ALBERT RICHAWAGEN agreed with Vijay Mishra.

CHAIR GARVIN noted alternate 1 and 2 are good, however right of way impacts need to be considered

3.B. Bicycle and Pedestrian Safety Improvements for SR-A1A

Kris Mickirdy, FDOT, presented this item. The full presentation can be viewed at PalmBeachTPA.org/CAC.

Aquanette Tyson Thomas joined the meeting at 2:28pm.

UYEN DANG stated Boca Raton residents have been asking for buffered sidewalks or widened pathways for safety.

ALBERT RICHWAGEN stated George Bush Blvd on A1A is a dangerous road due to zero shoulder and an 8-inch drop off.

VIJAY MISHRA questioned the resurfacing program and what it consists of.

BRIAN ROSEN asked if TPA staff can create signs to properly educate the public.

KATE LAYTON noted the signs need to be more visible and noticeable to better educate drivers.

CHAIR GARVIN stated golf cart traffic conflicts at the Palm Beach Par 3 golf course.

3.C. Vision Zero Action Plan Status Update

BRIAN ROSEN thanked the TPA for hosting a successful walk audit in the City of Delray Beach.

STRATEGIC PLAN PURPOSE

Strategic planning is an organization's process of defining its strategy, or direction, and then directing its resources to pursue this strategy. The Palm Beach Transportation Planning Agency (TPA) established and annually updates its Strategic Plan as a measurable guide toward executing its mission and achieving its long-term vision. The Strategic Plan defines specific and incremental steps that will be initiated, monitored for timely progress, and annually reported to the TPA Governing Board and the public.

The mission and vision statements concisely communicate the agency's overall purpose and direction. Crafted by the Governing Board, Advisory Committees, Executive Director and staff, the Palm

Beach TPA's mission and vision statements are intended to be inspirational while also providing a focus and direction for the organization. Together, they guide the Governing Board in making decisions consistent with the established priorities of the TPA.

Several benefits are derived from developing and implementing the Strategic Plan. Governing Board priorities are clearly communicated for the TPA Executive Director and staff to follow. Metrics are established for measuring progress on each action and making adjustments to achieve the strategic outcomes efficiently & cost-effectively. Transparency and accountability are provided to the public, the partnering organizations, and the member agencies of the TPA.

To collaboratively plan, prioritize and fund the transportation system.

A safe, efficient, and connected multimodal transportation system.

GOALS, ACTIONS AND OUTCOMES

Six goals, aligned with the TPA’s Unified Planning Work Program, frame the approach to achieving the Strategic Plan and provide clarity of purpose and direction. The goals are further defined and supported by specific actions and measurable outcomes to monitor progress and promote accountability.

MONITORING AND ANNUAL REPORT CARDS

Monitoring progress toward the desired outcomes informs the day-to-day administrative decisions and actions of the Executive Director, influencing the allocation of agency resources and the prioritization of board agenda items and collaborative discussions with key stakeholders and partners.

Annual reporting of outcomes allows the TPA Governing Board to fully realize and leverage the value of the TPA and informs future TPA Board decisions regarding appropriate revisions to the Strategic Plan.

To support annual review of progress, the TPA has created “report cards” that summarize the TPA’s prior performance in relation to achieving TPA Board objectives. The annual report card for FY 2024 is attached.

LIST OF PRIORITY PROJECTS

FY 2026-2030

Scheduled for Adoption on July
18, 2024

PalmBeachTPA.org/priorities

Overview

The Palm Beach Transportation Planning Agency (TPA) Transportation Improvement Program (TIP) for Fiscal Years 2026 through 2030 begins with TPA Board approval of a List of Priority Projects (LOPP). Pursuant to s. 339.175(8), F.S., the TPA must transmit the project list to the Florida Department of Transportation (FDOT) by August 1 of each year to accommodate an accelerated Florida Legislative session schedule. FDOT uses the List of Priority Projects to develop their Five-Year Work Program and the TPA uses the list to develop the TIP.

Existing Priority Projects that have not yet been implemented continue to be shown on the project list. If the lead agency for a Priority Project cannot complete the programmed phase and advance the project to the next logical phase, it is incumbent upon the agency to provide an explanation to the Palm Beach TPA. Changes to the priority list from the previously adopted priority list are underlined in the following tables.

The Priority Projects are divided into three programs: State Road Modifications, Local Initiatives, and Transportation Alternatives. These programs are consistent with the TPA's adopted Long Range Transportation Plan (LRTP) and the funding sources assumed in the financial plan of the LRTP. The TPA Board also adopted Resolution TPA 2015-04 on June 18, 2015 to further clarify the funding expectations for implementation of TPA Priority Projects as summarized below. The resolution noted that Strategic Intermodal System (SIS) Projects identified by FDOT are to be funded primarily with SIS revenue, other minor projects (e.g. local projects, FDOT safety projects, etc.) are to be funded with discretionary resources, and the implementation of these projects shall create no adverse impacts on implementation of TPA Priority Projects.

- Major Projects/State Road Modifications are to be funded with a portion of District Dedicated Revenue (DDR) Funds, DS Funds and State Public Transportation Office (DPTO) Funds. The portion of funding available for Major Projects is expected to be the remaining revenue from these sources after satisfying operations and maintenance requirements, district-managed SIS commitments, and statutory obligations to other modes of transportation.
- Local Initiative Projects are to be funded with the TPA's sub-allocated share of Surface Transportation Program funds (SU) and supplemented with statewide Surface Transportation Program funds (SA) where possible. Some SU and/or SA funds may occasionally be used for State Road Modification projects when state revenues are inadequate to fully fund those projects.
- Transportation Alternative Projects are to be funded with the federal Transportation Alternative (TA) revenue.

The projects in each program are consistent with the Goals, Objectives, and Measures of the LRTP. Eligible projects were evaluated and ranked pursuant to the LRTP and the scoring systems for the individual programs, as applicable. Projects are ordered by the year the project was first prioritized followed by the prioritization in that specific year. For example, 20-1 indicates the year 2020 and the top ranking (first) priority project from 2020.

The TPA prepared the following LOPP that is multimodal in nature and provides overall direction to FDOT in allocating funds. The public involvement process includes presentation and discussion of the project list at meetings open to the public; agendas for these meetings are posted on the TPA website. The LOPP will be reviewed by the Technical Advisory Committee and Citizens Advisory Committee (July 10, 2024), and Vision Zero Advisory Committee (July 11, 2024). The TPA Governing Board is expected to adopt the Annual LOPP at the July 18, 2024 meeting.

Major Projects

Project Selection Process

Larger projects are selected from line-item Cost Feasible projects in the adopted 2045 Long Range Transportation Plan (LRTP). Smaller non-regionally significant projects are identified by TPA staff and stakeholder groups and include State Road Modifications that advance the TPA's vision, Complete Streets policy, and Vision Zero commitment. Projects incorporate safety, complete streets, infrastructure to construct enhanced transit corridors, transportation system management & operations, and environmental resiliency. When possible, this program provides supplemental funding for resurfacing and bridge replacement/rehab projects to advance the objectives noted above.

Project Funding

Major Projects are funded with a portion of:

- State Comprehensive Enhanced Transportation System (SCETS) funds, identified using the District Dedicated Revenue (DDR) fund code, to be expended within Palm Beach County pursuant to s. 206.608(2), F.S.;
- State fuel sales tax funds, including State Primary funds for highways and public transit (DS fund code) and State Public Transportation Office funds (DPTO fund code) to be expended for any legitimate state transportation purpose, with a required minimum for public transportation;
- Highway Safety Improvement Program (HSIP or SS fund codes) funds on identified safety projects; and
- Federal Surface Transportation Program Funds (SU and/or SA fund codes) when state revenues are inadequate to fully fund projects.

Funding available for State Road Modifications is expected to be the remaining revenue from these sources after satisfying operations and maintenance requirements, district-managed SIS commitments, and statutory obligations to other modes of transportation. Projects that are new to the list are typically programmed in the new 5th year – Fiscal Year 2030. Recent increases in costs and limited state funding has increased the amount of SU funding on Major Projects/State Road Modifications that is typically prioritized for the Local Initiatives priorities.

Anticipated 5-YR Funding from LRTP (State Funds Only): ~\$101M (\$20.4M/yr.)

Amount needed to fund all phases of remaining priorities: ~\$277 M

The TPA requests the following for the FY 26-30 Major Projects List:

- **Program state funding instead of SU funding when available** – reduce the amount of SU funding programmed towards state roadway projects to program Local Initiatives priorities.
- **Tri-Rail extension from West Palm Beach to Jupiter (#14-1):** coordinate with TPA on the FDOT-lead studies anticipated to be complete this coming year.
- **US-1 enhanced transit service with associated multimodal corridor facilities:**
 - Construction funding for complete streets reconstruction project in West Palm Beach (17-1d);
 - Construction funding for complete streets reconstruction project in North Palm Beach (17-1f);
 - Design funding for lane repurposing project in Lake Worth Beach (priority #17-1g), pending FDOT approval of design.
- **US-27 Connector from US-27 to SR-715** – Program the Project Development and Environmental (PD&E) phase, accelerated with state funding if available.
- **Lake Worth Rd enhanced transit service with associated multimodal corridor facilities (20-1):** The TPA requests funding of transit signal prioritization to coincide with the transit signal prioritization on US 1 and Okeechobee Blvd.
- **Federal Hwy at Spanish River Blvd (#20-1):** The TPA requests construction funding.
- **Traffic Signal Improvements:** The TPA requests construction funding for traffic signal upgrades and supporting infrastructure for Palm Beach County and City of Boca Raton signals, including priority projects 20-2, 20-3, and 20-4.
- **Indiantown Rd at Central Blvd PD&E (#21-6):** The TPA requests accelerated funding of the PD&E to evaluate congestion mitigation alternatives.
- **2023 priorities #23-1, #23-2, and #23-3:** The TPA requests FDOT consider programming preliminary engineering (PE).

Table 1: Major Projects

Projects are predominantly on state roadways using state funding sources, including but not limited to District Dedicated Revenue (DDR) and Primary Highways & Public Transportation Funds (DS).
 Projected funding availability is anticipated to be approximately \$20.4 Million/year but varies yearly. FDOT requests the TPA "oversubscribe" to ensure programming of all available funds.

Local Initiatives Projects

Project Selection Process

The Local Initiatives Program was created in the 2040 LRTP and is structured to identify and fund non-regionally significant transportation projects off the state highway system. Local Initiative projects are selected from an annual competitive application process based on the Goals, Objectives, and Measures in the adopted LRTP; these projects are then approved by the advisory committees and the TPA Board. Applications for Local Initiative projects were solicited from transportation service providers, county, and municipal staff.

Project Funding

These projects are primarily funded through federal Surface Transportation Program Funds, locally known as SU funds, sub-allocated to the Palm Beach TPA. The TPA receives approximately \$22.8 million per year. Approximately \$2.5 million is programmed towards TPA planning activities. Projects new to the list are typically programmed in the new 5th year – Fiscal Year 2029.

Anticipated 5-YR Funding from LRTP available for projects: ~\$114M (\$22.8 M/yr.) – may also be used on Major Projects/State Road priorities

Amount needed to fund all phases of remaining priorities: ~\$22.95 M

The TPA requests the following for the FY 24-29 Local Initiative Priority Project List:

- Update programming of SU funding to support TPA planning and administration consistent with the FY 25-26 UPWP.
- **2023 Local Initiatives Priorities:** Program 2023 priorities from the 2023 call for projects.

Table 2: Local Initiatives Program

This program is for projects on non-state roadways that are federal-aid eligible. Funding typically comes from the \$22.8 Million/year federal Surface Transportation Block Grant (STBG) program, known locally as SU funds, allocated to the TPA for prioritization. STGB funds allocated to FDOT, known as SA, sometimes supplement the projects.

Transportation Alternatives Projects

Project Selection Process

Transportation Alternatives (TA) projects are selected from an annual competitive application process based on the Goals, Objectives, and Measures in the adopted LRTP.

Project Funding

Construction of TA Projects proposed for inclusion in the TIP is funded with federal Surface Transportation Block Grant (STBG) Transportation Alternative (TA) set-aside funds on a cost reimbursement basis for eligible expenses and supplemented with local funds. Funding levels are anticipated at \$5.1M/yr. Design of the project is funded by the applicant no less than two years prior to construction funding availability. Projects that are new to the list are typically programmed in the 3rd year – Fiscal Year 2028.

Anticipated 3-Year Funding Level from LRTP: ~\$15.3M (\$5.1M/yr.)

Amount needed to fund all phases of remaining priorities: ~\$5.089

The TPA requests the following for the FY 24-28 Transportation Alternatives Priority Project List:

- #22-5 SW 18th St (previously shown as LI project #22-1): move to TA list to potentially fund in FY 26.
- Program construction/implementation of (3) new projects from the 2024 TA application cycle and one project transferred from the Local Initiatives Program (now TA 24-4).

The project scores for the 2024 application cycle are provided below.

2024 Transportation Alternatives Applications

TPA Rank	TPA Score	Proposed Lead	Location	Description	FUNDING REQUEST	STATUS

2	37.40	Boca Raton	NW 2nd Avenue from Jeffrey Street to Hidden Valley Blvd	Construct two-way bicycle path on east side of the road with bicycle intersection improvements	\$1,500,000	Eligible
3	29.60	Boca Raton	Camino Real from Dixie Highway to Federal Highway	Construct a raised bicycle lane on both sides of the road	\$873,463	Eligible

Table 3: Transportation Alternatives Program

This program is for non-motorized projects on or off the federal-aid eligible network. Sources of funding are from the approximately \$5.1 Million/year of the federal STBG Transportation Alternatives (TA) set-aside program, known locally as TA, that is allocated to the TPA for prioritization.

Project Scheduling Report – July 2024

Phases occurring within the next 90 days

Palm Beach TPA & FDOT District 4

The purpose of this report is to ensure stakeholders are aware of upcoming activities for each project to allow for increased input. The TPA has consolidated the FDOT report to focus on TPA priorities and scheduling activities that are occurring within the next 90 days. The full list of scheduling activities is described below.

Scheduled Activity	Description
Multimodal Scoping Checklist (MMSC)	FDOT's Office of Modal Development (OMD) notifies impacted agencies to enter comments about the project scope. The local agency can confirm or discuss context class, minor comments about multimodal features.
Resolution from Agency (for Off-System Projects Only)	If an off-system project is administered by FDOT, the local agency's governing board must pass a resolution endorsing FDOT's delivery of the project.
Review of Scope with Agency	Meet with local agency to review and confirm scope prior to FDOT advertising for consultant acquisition.
Execution Date (Design)	FDOT Design starts.
Project Kickoff Meeting	FDOT Design Team coordinates with local agency. Contact the FDOT project manager for date/time/location of the meeting.
Initial Field Review	Field Review meeting. Typically occurs at the project site.
Initial Engineering	30% plans to reviewers. Stakeholders provide review and feedback on the approved Typical Section.
Public Information Workshop	Tentative date to conduct a public information workshop. Date may differ than final workshop date.
Constructability Plans	60% plans to reviewers. At this time most of the Design is complete, no scope discussion, review focuses on items to be constructed, their construction impacts, and materials to be used.
Plans Specification and Estimates (PSE) Meeting	FDOT PM arranges field review with all reviewers to evaluate the final engineering plans with respect to actual field conditions.
Biddability Plans to Reviewers	90% plans. At this time, Design is complete. Verifying quantities and pay items.
Production	100% plans. Plans are complete.
Local Agency Program (LAP) Commitment	Agency and FDOT commits the project funds and budget to the Legislature and the Governor's office.
Letting	Bids are opened and the apparent low bid contract is determined. Construction typically begins 4 to 6 months after letting.
Construction Notice to Proceed (NTP)	Construction starts. Construction dates for FDOT administered projects can be found through the FDOT Operations Center.

For more information on a project, please contact the FDOT District 4 office at 954.486.1400 and ask to be transferred to the FDOT Project Manager for the specific project. For the FDOT copy of the report with the full project schedule, contact Claudette DeLosSantos at Claudette.DeLosSantos@dot.state.fl.us or 954.777.4208.

Please note, the dates shown in this report are a snapshot and dates can change frequently. Updated reports are requested monthly from FDOT.

Palm Beach Post: Commuter Rail in South Florida, Palm Beach County

EDITORIALS | Opinion This piece expresses the views of its author(s), separate from those of this publication.

Bravo, Tri-Rail; now, add more express rail service from West Palm Beach to Miami!

Rather than blame Brightline for tending to its bottom line, let's view its move as a wake-up call and bolster Tri-Rail express service.

Palm Beach Post
Published 5:31 a.m. ET May 17, 2024 | Updated 5:17 a.m. ET June 6, 2024

The days of Brightline's \$20 roundtrips to Miami are gone, Brian Ruscher, deputy director of multimodal for the Palm Beach Transportation Planning Agency, acknowledges. That doesn't mean we need to despair. As he puts it: "This is a big moment where we need to zoom out and try to get perspective on what people need."

We agree. It's time for workin' on the railroad.

As Brightline focuses on its service to Orlando, ticket prices are increasing and seats are limited between its South Florida stations. Tri-Rail will add an express service from West Palm Beach to Miami, with stops in Boca Raton, Fort Lauderdale and Aventura, similar to Brightline. Service will begin on July 1.

TPA Deputy Director of Multimodal, Brian Ruscher, was interviewed regarding Tri-Rail's efforts to expand multimodal options and the future of commuter rail in Palm Beach County.
