DRAFT TENTATIVE WORK PROGRAM

FY 2026-2030

PREPARED BY PALM BEACH TPA
FOR REVIEW DECEMBER 2024

Executive Summary

One of the primary roles of the Palm Beach TPA is the adoption of the Transportation Improvement Program (TIP) [23 C.F.R. § 450.324], a five-year program allocating anticipated revenues to transportation improvements to all modes of travel in Palm Beach County. The TIP identifies transportation improvements funded by Federal, State and local sources. In Florida, the TIP is based on and reflects the Florida Department of Transportation's (FDOT) Work Program for Palm Beach County for the same time period.

The TPA must adopt an updated TIP annually [§ 339.175(8), Fla. Stat.]. The TIP for Fiscal Years 2025-2029 was adopted on June 20, 2024 and the TIP for FY 2026-2030 will be considered for adoption on June 12, 2025. Prior to adoption, FDOT works to develop a Draft Tentative Work Program for FY 2026-2030 that continues to advance projects in the previously adopted TIP and allocates funding, to the maximum extent feasible, the Palm Beach TPA's List of Priority Projects (LOPP) that were adopted July 18, 2024. The graphic below illustrates the TIP development process.

Transportation Improvement Program (TIP) Development Process

Role of the TPA in Reviewing the Draft Tentative Work Program

Florida requires that that each FDOT district office shall make a presentation at a meeting of each metropolitan planning organization in the district [§339.135(4)(d), Fla. Stat. (2014)] to:

1. Hear requests for new projects to be added to the district work program.
 - The tables summarizing the status of TPA priority projects facilitate this discussion.
2. Hear requests for existing projects to be deleted from the district work program.
 - The table summarizing new FDOT Projects and the full FDOT Draft Work Program and committee presentations facilitate this discussion.
3. Determine the necessity of making any changes to projects included or to be included in the district work program.
 - § 339.135(3)(c)(3), Fla. Stat. (2014) further stipulates that the district shall provide written justification for any project proposed to be rescheduled or deleted from the district work program which project is part of the metropolitan planning organization's transportation improvement program and is contained in the last 4 years of the previous adopted work program.

To facilitate the review of the draft tentative work program according to these purposes, the TPA has created the following summary tables:

1. TPA Major Projects
2. Local Initiatives Projects
3. Transportation Alternatives Projects
4. Shared Used Network (SUN) Trail Projects
5. Active & Under Construction Projects (previously programmed in the work program and are currently active)

Table 1: Major Projects

Projects are predominantly on state roadways using state funding sources, including but not limited to District Dedicated Revenue (DDR) and Primary Highways & Public Transportation Funds (DS). Projected funding availability is anticipated to be approximately \$20.4 Million/year but varies yearly. FDOT requests the TPA "oversubscribe" to ensure programming of all available funds.

Table 2: Local Initiatives Program

This program is for projects on non-state roadways that are federal-aid eligible. Funding typically comes from the \$22.8 Million/year federal Surface Transportation Block Grant (STBG) program, known locally as SU funds, allocated to the TPA for prioritization. STGB funds allocated to FDOT, known as SA, sometimes supplement the projects.

Project Scheduling Report – November 2024

Phases occurring within the next 90 days

Palm Beach TPA & FDOT District 4

The purpose of this report is to ensure stakeholders are aware of upcoming activities for each project to allow for increased input. The TPA has consolidated the FDOT report to focus on TPA priorities and scheduling activities that are occurring within the next 90 days. The full list of scheduling activities is described below.

Scheduled Activity	Description
Multimodal Scoping Checklist (MMSC)	FDOT's Office of Modal Development (OMD) notifies impacted agencies to enter comments about the project scope. The local agency can confirm or discuss context class, minor comments about multimodal features.
Resolution from Agency (for Off-System Projects Only)	If an off-system project is administered by FDOT, the local agency's governing board must pass a resolution endorsing FDOT's delivery of the project.
Review of Scope with Agency	Meet with local agency to review and confirm scope prior to FDOT advertising for consultant acquisition.
Execution Date (Design)	FDOT Design starts.
Project Kickoff Meeting	FDOT Design Team coordinates with local agency. Contact the FDOT project manager for date/time/location of the meeting.
Initial Field Review	Field Review meeting. Typically occurs at the project site.
Initial Engineering	30% plans to reviewers. Stakeholders provide review and feedback on the approved Typical Section.
Public Information Workshop	Tentative date to conduct a public information workshop. Date may differ than final workshop date.
Constructability Plans	60% plans to reviewers. At this time most of the Design is complete, no scope discussion, review focuses on items to be constructed, their construction impacts, and materials to be used.
Plans Specification and Estimates (PSE) Meeting	FDOT PM arranges field review with all reviewers to evaluate the final engineering plans with respect to actual field conditions.
Biddability Plans to Reviewers	90% plans. At this time, Design is complete. Verifying quantities and pay items.
Production	100% plans. Plans are complete.
Local Agency Program (LAP) Commitment	Agency and FDOT commits the project funds and budget to the Legislature and the Governor's office.
Letting	Bids are opened and the apparent low bid contract is determined. Construction typically begins 4 to 6 months after letting.
Construction Notice to Proceed (NTP)	Construction starts. Construction dates for FDOT administered projects can be found through the FDOT Operations Center.

For more information on a project, please contact the FDOT District 4 office at 954.486.1400 and ask to be transferred to the FDOT Project Manager for the specific project. For the FDOT copy of the report with the full project schedule, contact Claudette DeLosSantos at Claudette.DeLosSantos@dot.state.fl.us or 954.777.4208.

Please note, the dates shown in this report are a snapshot and dates can change frequently. Updated reports are requested monthly from FDOT.

Safe Streets Summit Boosted Social Media Post

The Palm Beach TPA will host the 2025 Safe Streets Summit in West Palm Beach, along with the Broward MPO and Miami-Dade TPO. This event focuses on safe and accessible streets for all, with this year's theme of "Mobility at the Heart of it All". The TPA shared registration information on its Facebook page and boosted the post to increase visibility.

Mobility Week Bicycle Ride Social Media Post

The Palm Beach TPA hosted its 2024 Mobility Week Bicycle Ride on October 25! The TPA gathered photos and video of the ride, which helped create future social media content. This included a Reel on Instagram, which reached a majority of non-followers. This creates more visibility and exposure for the TPA's work through social media.

Happy first day of Mobility Week! Today, the Palm...
