

Transportation Funding

Transportation funding comes from federal, state and local sources.

Federal funding is collected primarily through federal fuel taxes and truck-related taxes on tires, sales of vehicles and heavy vehicle use.

Florida's funding sources are a combination of state fuel taxes, motor vehicle fees, document stamps, rental car surcharges and aviation fuel tax.

Local funding sources include local gas taxes, road impact fees, an infrastructure surtax and occasionally general funds from property taxes.

FEDERAL HIGHWAY TRUST FUND

- Federal Transit Administration (FTA)
 - Mass transit development and maintenance
- Federal Highway Administration (FHWA)
 - Highway capacity and maintenance

STATE TRANSPORTATION TRUST FUND

- Palm Beach TPA Priorities
- Strategic Intermodal System (SIS) Projects
- State Road Operations and Maintenance

LOCAL FUNDS

- Local Priorities
- Local Roadways Operation and Maintenance
- Transit Operations and Maintenance
