# LIST OF PRIORITY PROJECTS

---

## FY 2025-2029

Adopted July 20, 2023

Amended September 21, 2023

[PalmBeachTPA.org/priorities](https://PalmBeachTPA.org/priorities)

## **Overview**

The Palm Beach Transportation Planning Agency (TPA) Transportation Improvement Program (TIP) for Fiscal Years 2025 through 2029 begins with TPA Board approval of a List of Priority Projects (LOPP). Pursuant to s. 339.175(8), F.S., the TPA must transmit the project list to the Florida Department of Transportation (FDOT) by August 1 of each year to accommodate an accelerated Florida Legislative session schedule. FDOT uses the List of Priority Projects to develop their Five-Year Work Program and the TPA uses the list to develop the TIP.

Existing Priority Projects that have not yet been implemented continue to be shown on the project list. If the lead agency for a Priority Project cannot complete the programmed phase and advance the project to the next logical phase, it is incumbent upon the agency to provide an explanation to the Palm Beach TPA. Changes to the priority list from the previously adopted priority list are underlined in the following tables.

The Priority Projects are divided into three programs: State Road Modifications, Local Initiatives, and Transportation Alternatives. These programs are consistent with the TPA's adopted Long Range Transportation Plan (LRTP) and the funding sources assumed in the financial plan of the LRTP. The TPA Board also adopted Resolution TPA 2015-04 on June 18, 2015 to further clarify the funding expectations for implementation of TPA Priority Projects as summarized below. The resolution noted that Strategic Intermodal System (SIS) Projects identified by FDOT are to be funded primarily with SIS revenue, other minor projects (e.g. local projects, FDOT safety projects, etc.) are to be funded with discretionary resources, and the implementation of these projects shall create no adverse impacts on implementation of TPA Priority Projects.

- Major Projects/State Road Modifications are to be funded with a portion of District Dedicated Revenue (DDR) Funds, DS Funds and State Public Transportation Office (DPTO) Funds. The portion of funding available for Major Projects is expected to be the remaining revenue from these sources after satisfying operations and maintenance requirements, district-managed SIS commitments, and statutory obligations to other modes of transportation.
- Local Initiative Projects are to be funded with the TPA's sub-allocated share of Surface Transportation Program funds (SU) and supplemented with statewide Surface Transportation Program funds (SA) where possible. Some SU and/or SA funds may occasionally be used for State Road Modification projects when state revenues are inadequate to fully fund those projects.
- Transportation Alternative Projects are to be funded with the federal Transportation Alternative (TA) revenue.

The projects in each program are consistent with the Goals, Objectives, and Measures of the LRTP. Eligible projects were evaluated and ranked pursuant to the LRTP and the scoring systems for the individual programs, as applicable. Projects are ordered by the year the project was first prioritized followed by the prioritization in that specific year. For example, 20-1 indicates the year 2020 and the top ranking (first) priority project from 2020.

The TPA prepared the following LOPP that is multimodal in nature and provides overall direction to FDOT in allocating funds. The public involvement process includes presentation and discussion of the project list at meetings open to the public; agendas for these meetings are posted on the TPA website. The LOPP will be reviewed by the Technical Advisory Committee (July 5, 2023), Vision Zero Advisory Committee (July 6, 2023), and Citizen Advisory Committee (July 11, 2023). The TPA Governing Board is expected to adopt the Annual LOPP at the July 20, 2023, meeting.

## **Major Projects**

### Project Selection Process

Larger projects are selected from line-item Cost Feasible projects in the adopted 2045 Long Range Transportation Plan (LRTP). Smaller non-regionally significant projects are identified by TPA staff and stakeholder groups and include State Road Modifications that advance the TPA's vision, Complete Streets policy, and Vision Zero commitment. Projects incorporate safety, complete streets, infrastructure to construct enhanced transit corridors, transportation system management & operations, and environmental resiliency. When possible, this program provides supplemental funding for resurfacing and bridge replacement/rehab projects to advance the objectives noted above. The TPA did a call for projects for State Road Modifications in 2023.

### Project Funding

Major Projects and the State Road Modifications are funded with a portion of:

- State Comprehensive Enhanced Transportation System (SCETS) funds, identified using the District Dedicated Revenue (DDR) fund code, to be expended within Palm Beach County pursuant to s. 206.608(2), F.S.;
- State fuel sales tax funds, including State Primary funds for highways and public transit (DS fund code) and State Public Transportation Office funds (DPTO fund code) to be expended for any legitimate state transportation purpose, with a required minimum for public transportation;
- Highway Safety Improvement Program (HSIP or SS fund codes) funds on identified safety projects; and
- Federal Surface Transportation Program Funds (SU and/or SA fund codes) when state revenues are inadequate to fully fund projects.

Funding available for State Road Modifications is expected to be the remaining revenue from these sources after satisfying operations and maintenance requirements, district-managed SIS commitments, and statutory obligations to other modes of transportation. Projects that are new to the list are typically programmed in the new 5<sup>th</sup> year – Fiscal Year 2029. Recent increases in costs and limited state funding has increased the amount of SU funding on Major Projects/State Road Modifications that is typically prioritized for the Local Initiatives priorities.

Anticipated 5-YR Funding from LRTP (State Funds Only): ~\$101M (\$20.4M/yr.)

Programmed Funding in Adopted FY 24-28 TIP (State Funds Only): ~\$41.8M (additional \$100.8M from other federal sources)

**Amount needed to fund all phases of remaining priorities: ~\$389.5M**

The TPA requests the following for the FY 25-29 Major Projects/State Road Modifications List:

- **Program state funding instead of SU funding when available** – reduce the amount of SU funding programmed towards state roadway projects to program Local Initiatives priorities.
- **SR-7 from 60<sup>th</sup> St to Northlake Blvd (#04-1) and SR-7 from Okeechobee Blvd to 60<sup>th</sup> St (#04-2)**: fully fund construction, prioritizing state funding if available.
- **Tri-Rail extension from West Palm Beach to Jupiter (#14-1)**: the Project Development & Environment (PD&E) Study continues to be delayed until an FEC easement/access fee and source of operations and maintenance funding is established. The TPA requests a feasibility study of the proposed extension.
- **Atlantic Avenue from east of Lyons Road to Florida’s Turnpike (#16-1a)**: FDOT is considering the advancement of construction to FY 24 to occur with Atlantic Ave from SR-7 to east of Lyons Rd (#14-3). The TPA supports this advancement.
- **US-1 enhanced transit service with associated multimodal corridor facilities**: The TPA requests:
  - Construction funding for the lane repurposing project in Boca Raton (#17-1c);
  - Construction funding for complete streets reconstruction project in West Palm Beach (17-1d);
  - Design funding for lane repurposing project in Lake Worth Beach (priority #17-1g), pending FDOT approval of design.
- **Okeechobee Blvd enhanced transit service with associated multimodal corridor facilities**: The TPA requests:
  - Construction funding for enhanced transit shelters (#18-1b)
- **Lake Worth Rd enhanced transit service with associated multimodal corridor facilities (20-1)**: The TPA requests funding of transit signal prioritization to coincide with the transit signal prioritization on US 1 and Okeechobee Blvd.
- **Federal Hwy at Spanish River Blvd (#20-1)**: The TPA requests construction funding.
- **Traffic Signal Improvements**: The TPA requests construction funding for traffic signal upgrades and supporting infrastructure for Palm Beach County and City of Boca Raton signals, including priority projects 20-2, 20-3, and 20-4.
- **SR-715 sidewalk construction (#20-5)**: The TPA requests construction funding.
- **Indiantown Rd at Central Blvd PD&E (#21-6)**: The TPA requests funding of the PD&E to evaluate congestion mitigation alternatives.
- **New 2023 priorities #23-1, #23-2, and #23-3**: The TPA requests FDOT consider programming preliminary engineering (PE).

## ***Local Initiatives Projects***

### Project Selection Process

The Local Initiatives Program was created in the 2040 LRTP and is structured to identify and fund non-regionally significant transportation projects off the state highway system. Local Initiative projects are selected from an annual competitive application process based on the Goals, Objectives, and Measures in the adopted LRTP; these projects are then approved by the advisory committees and the TPA Board. Applications for Local Initiative projects were solicited from transportation service providers, county, and municipal staff. The project scores and subsequent ranking for the 2023 application cycle are attached as Exhibit A.

### Project Funding

These projects are primarily funded through federal Surface Transportation Program Funds, locally known as SU funds, sub-allocated to the Palm Beach TPA. The TPA receives approximately \$22.8 million per year. Approximately \$2.5 million is programmed towards TPA planning activities. Projects new to the list are typically programmed in the new 5th year – Fiscal Year 2029.

Anticipated 5-YR Funding from LRTP available for projects: ~\$114M (\$22.8 M/yr.) – may also be used on Major Projects/State Road priorities

Programmed Funding in Adopted FY 24-28 TIP (Federal Funds Only): ~\$74M (additional \$6.7 million of state funding)

**Amount needed to fund all phases of remaining priorities: ~\$42.12M**

The TPA requests the following for the FY 24-29 Local Initiative Priority Project List:

- Update programming of SU funding to support TPA planning and administration consistent with the FY 23-24 UPWP.
- **Quiet Zones in Lake Park (#14-5):** Program \$517k for additional railroad safety improvements in Lake Park to allow for Quiet Zone designation.
- **#20-1 Palm Tran electric buses:** pursue advancement of \$5 M to an earlier year.
- **2022 Local Initiatives Priorities:** Program remaining unprogrammed priorities from the 2022 call for projects if funding is available.
  - #22-1 SW 18<sup>th</sup> St (now shown as TA project #22-5): move to Transportation Alternatives list to potentially fund in FY 26.
  - #22-3 Gardens Parkway: pursue programming of \$3.6 M in FY 27 with funding freed up from #20-1.
  - Program #22-4 through #22-7 if funding is available.
- **2023 Local Initiatives Priorities:** Program new 2023 priorities from the 2023 call for projects if funding is available.

## ***Transportation Alternatives Projects***

### Project Selection Process

Transportation Alternatives (TA) projects are selected from an annual competitive application process based on the Goals, Objectives, and Measures in the adopted LRTP; these projects are then ranked by the Vision Zero Advisory Committee (VZAC) and approved by the TPA Governing Board. The VZAC ranking and project scores for the 2023 application cycle are attached as Exhibit A.

### Project Funding

Construction of TA Projects proposed for inclusion in the TIP is funded with federal Surface Transportation Block Grant (STBG) Transportation Alternative (TA) set-aside funds on a cost reimbursement basis for eligible expenses and supplemented with local funds. Funding levels are anticipated at \$5.1M/yr. Design of the project is funded by the applicant no less than two years prior to construction funding availability. Projects that are new to the list are typically programmed in the 3rd year – Fiscal Year 2027.

Anticipated 3-Year Funding Level from LRTP: ~\$15.3M (\$5.1M/yr.)

Programmed Funding in Adopted FY 24-28 TIP (Federal Funds Only): ~\$10.3M (additional funds to reach \$15.3M level is available for programming)

**Amount needed to fund all phases of remaining priorities: ~\$5.62M**

The TPA requests the following for the FY 24-28 Transportation Alternatives Priority Project List:

- #22-5 SW 18<sup>th</sup> St (previously shown as LI project #22-1): move to TA list to potentially fund in FY 26.
- Program construction/implementation of five (5) new 2023 projects from 2023 TA application cycle.

### Table 1: Major Projects

Projects are predominantly on state roadways using state funding sources, including but not limited to District Dedicated Revenue (DDR) and Primary Highways & Public Transportation Funds (DS).  
 Projected funding availability is anticipated to be approximately \$20.4 Million/year but varies yearly. FDOT requests the TPA "oversubscribe" to ensure programming of all available funds.

## Table 2: Local Initiatives Program

This program is for projects on non-state roadways that are federal-aid eligible. Funding typically comes from the \$22.8 Million/year federal Surface Transportation Block Grant (STBG) program, known locally as SU funds, allocated to the TPA for prioritization. STGB funds allocated to FDOT, known as SA, sometimes supplement the projects.
