

PROJECT REVIEW TRAINING

August 19, 2025

301 Datura Street West Palm Beach, FL 33401 and by Zoom (details below)

9:30 a.m. – 12 p.m.

PalmBeachTPA.org/ProjectReviewTraining

MEETING PURPOSE AND OBJECTIVE

The Palm Beach TPA and FDOT invite planners and engineers to a workshop on the Multimodal Scoping Checklist, Electronic Review Comment (ERC) System, and Preliminary Level Context Classification (PLCC). Participants will learn how to effectively engage with FDOT throughout project development to ensure local priorities are integrated from the outset. This session will provide guidance on aligning project scopes with state requirements, submitting and tracking comments through the ERC system, and understanding how PLCC informs design decisions. This training will be held in-person and virtually.

SUMMARY BY AGENDA ITEM

- Introduction – Cesar Martinez
- Introduction of the Process – Larry Hymowitz
- Scoping Refinement Process – Geysa Sosa
- Multimodal Scoping Checklist and Modal Viewer – Thuha Nguyen
- Context Classification – Larry Hymowitz
- Context Classification & Target Speed, Design Processes – Brad Salisbury
- Safety & Road Safety Audits – Thomas Miller
